

RDN Enhancements

MultiSearch – Case

Address Criteria

RDN is pleased to bring you NEW features to assist in your day to day activities.

The new feature is an enhancement to MultiSearch. These new tools will allow for better accessibility to cases that contain invalid addresses on the account. New search criteria:

- Cases with Valid Addresses will allow you to search for cases that contain at least one valid address on the account.
- Cases with Invalid Addresses will allow you to search for cases that contain at least one invalid address on the account.
- Cases with Only Invalid Addresses will allow you to search for cases that contain only invalid addresses on the account.

We hope you are pleased with these features and find them useful in your operations. Should you have any questions or concerns regarding these new features, please contact the RDN Customer Support team.

MultiSearch Case Address Criteria

Case Criteria

Case Worker	<input type="text" value="Any"/>	
Investigator	<input type="text" value="Any"/>	
Claim Number	<input type="text"/>	
VIN	<input type="text"/>	
Year / Make / Model	Year	Make
	<input type="text"/>	
	Model	<input type="text"/>
License Plate #	<input type="text"/>	
Title Received	<input type="text" value="Any"/>	
Missing Plates	<input type="checkbox"/>	
Debtor Name	First Name	Middle Initial
	<input type="text"/>	
SSN:	<input type="text"/>	
Phone Number	<input type="text"/>
